

The final finish of STUDIO Collection® Architectural Design Resin is completely up to you. Soft matte, subtle satin or a sultry, rich high gloss finish. To ensure the maintenance of your selected finish and proper disinfection of the surface, the following procedures should be adhered to.

Use only the approved list of household cleaners below or mild soap and water, for routine cleaning. The STUDIO Collection® Care & Maintenance and warranty information, is available online at www.aristechsurfaces.com/studiocollection/techlibrary. If you have further questions, please contact our global technical service/support team or direct 800.358.9858.
